EXECUTIVE OFFICE OF COMMUNITIES & DEVELOPMENT

William F. Weld, Governor
A. Paul Cellucci, Lt. Governor
Mary L. Padula, Secretary

September 1992

To Readers of the EOCD Program Guide:

The Executive Office of Communities and Development offers a rich and diverse spectrum of services that provide help and support to neighborhoods and individuals, communities and regions, families and elected officials, within the Commonwealth.

Most people are not aware of the variety of the programs nor of the number of programs offered by the Division of Community Services, the Division of Housing and Community Development and the Division of Social and Economic Opportunity. Together, their programs touch the life of everyone in the Commonwealth through first time homebuyers programs, land use planning, elderly housing, technical assistance to local governments, or any one of the scores of other programs administered by this agency.

I want to make sure that you are aware of what these programs are, how they operate and which ones could provide you with needed help. Therefore, EOCD has compiled this Program Guide which concisely presents information on each of the EOCD programs, including the appropriate phone number to call for further details.

We hope that you will keep this as a reference, for use when you need it. We also hope that among these programs will be some that are useful to you and to your community.

I welcome your thoughts on the programs or the Program Guide as well as your comments or questions, and I look forward to continuing to work with you in the future.

Sincerely,

A handwritten signature in dark ink, appearing to read "Mary Padula", written over a horizontal line.

Mary L. Padula, Secretary
Executive Office of Communities and Development

Community/ Economic Development

COMMUNITY/ECONOMIC DEVELOPMENT

SMALL CITIES COMMUNITY DEVELOPMENT FUND

The Small Cities Community Development Fund provides funding for municipalities to support housing, public facilities and infrastructure as well as economic development.

The program targets the following areas:

- housing acquisition, rehabilitation and ownership
- public facility and infrastructure repair and improvement
- public and social services
- planning activities
- community based economic development, including small business loans

The program, part of the federal Community Development Block Grant, (CDBG) has three objectives; benefit to low and moderate income persons, removal of slums and blight, or critical community need. A project must meet at least one of these criteria.

PROGRAM: Federally funded competitive grant program

ELIGIBILITY: Cities and towns of less than 50,000 population which are not entitlement communities

CONTACT: Division of Community Services, Bureau of Small Cities (617) 727-0494

SMALL CITIES READY RESOURCE FUND

The Ready Resource Fund allows quick response to emergency projects in municipalities and also supports economic development plans of cities and towns. Emergency applications are accepted as part of this program. There is a \$500,000 limit per project and as a CDBG program, projects must meet at least one of the following criteria: benefit to low and moderate income persons, removal of slums and blight, or critical community need.

PROGRAM: Federally funded grant program through CDBG funds

ELIGIBILITY: Cities and towns of less than 50,000 population which are not entitlement communities

CONTACT: Division of Community Services, Bureau of Local Economic Development (617) 727-7180

COMMUNITY DEVELOPMENT ACTION GRANTS

Community Development Action Grants (CDAG) provide public infrastructure support in those instances where private investment would not occur except for the CDAG grant project. The goal is to stimulate economic development activities that will attract and leverage private investment, create or retain long term employment and/or housing opportunities and revitalize distressed areas.

PROGRAM: State funded grant program through bonds.

NOTE: As of this date all funds have been committed to projects and no new applications will be accepted.

ELIGIBILITY: All cities and towns in the Commonwealth with infrastructure needs

CONTACT: Division of Community Services, Bureau of Local Economic Development (617) 727-7180

MASSACHUSETTS COMMUNITY CAPITAL FUND

(Formerly Economic Development Set Aside and Credit Refinancing Programs)

The Massachusetts Community Capital Fund and its companion the Quality Credit Refinancing Program are designed to generate and/or retain manufacturing jobs in the smaller communities in the Commonwealth.

The programs provide flexibly structured debt financing for manufacturing businesses which provide, create or retain jobs for low and moderate income residents of the state's smaller cities and towns. Community Capital can fund up to one-third of the total project cost and the loans can be used for purchase of equipment, acquisition of real estate, new construction or rehabilitation, working capital or refinancing.

PROGRAM: Federally funded grant program through CDBG funds

ELIGIBILITY: Cities and towns under 50,000 in population which are not entitlement communities are eligible to apply on behalf of a local business or non-profit organization. Businesses in such communities which can or do provide jobs for low or moderate income residents are eligible recipients of loans under this program.

CONTACT: Division of Community Services, Bureau of Local Economic Development (617) 727-7180

COMMUNITY/ECONOMIC DEVELOPMENT

MASSACHUSETTS DOWNTOWN PARTNERSHIP

(Formerly known as Main Street)

The Downtown Partnership seeks to revitalize and strengthen the business and community life of urban centers in cities and towns, while preserving the state's heritage of historic downtown buildings. The program, which began in 1980 with funding from the National Trust for Historic Preservation, has been financed since 1984 from federal CDBG funds.

EOCD offers sliding scale funding for professional staff and technical assistance to non-profit organizations working on downtown revitalization. Staff funding decreases over the life of the three year program, while technical assistance is focused on different issues each year. The overall program must address organizational development, promotions, economic restructuring and design.

PROGRAM: Federally funded program

ELIGIBILITY: Cities and towns of under 50,000 population which are not entitlement communities and are willing to make the commitment to creating and sustaining a downtown organization

CONTACT: Division of Community Services, Bureau of Local Economic Development (617) 727-7180

SMALL CITIES SECTION 108 LOAN GUARANTEE PROGRAM

The Small Cities Section 108 Loan Guarantee Program is designed to support local economic development projects within the smaller communities of the Commonwealth. The nationally set goals are to benefit low and moderate income persons, remove slums and blight or serve a critical community need and a project must meet at least one of these criteria.

Starting in 1992, the Small Cities CDBG program will accept requests from cities and towns for loan guarantees for local economic development projects. Loans will come from HUD at lower interest rates, but the loan will be guaranteed from the Commonwealth's annual CDBG appropriation.

PROGRAM: Federally funded, state guaranteed program through CDBG funds

ELIGIBILITY: Cities and towns of less than 50,000 population which are not entitlement communities

CONTACT: Division of Community Services, Bureau of Local Economic Development (617) 727-7180

COMMERCIAL AREA REVITALIZATION DISTRICT

The Commercial Area Revitalization District (CARD) concept identifies older downtown commercial areas experiencing or in jeopardy of disinvestment in order to target state resources to them. Among the resources available for CARD areas are tax exempt financing from MIFA, infrastructure grant programs and the Downtown Partnership program.

The Secretary of EOCD designates CARD districts based on the level of disinvestment or threat of disinvestment. CARD districts include only commercial areas which should reasonably be redeveloped for commercial use.

PROGRAM: State program

ELIGIBILITY: Aging, urban downtowns experiencing or under the threat of disinvestment

CONTACT: Division of Community Services, Bureau of Local Economic Development (617) 727-7180

CHAPTER 121A URBAN REDEVELOPMENT CORPORATIONS - PILOT PROGRAM

Chapter 121A Urban Redevelopment Corporations are designed to promote public benefits such as job creation or the production of affordable housing through construction or reconstruction in blighted or substandard areas. Agreements between municipalities and corporate entities created for the purpose of redeveloping blighted areas are the essence of the program.

The 121A program creates such corporations by exempting public, private or non-profit entities from local real estate taxes and state corporate taxes for a period of 15 to 40 years when they engage in an eligible project. Instead of these taxes, the corporations pay a payment in-lieu of taxes (PILOT).

PROGRAM: State funded program involving a local subsidy

ELIGIBILITY: Corporations, individuals, non-profits, local housing authorities engaging in a project designed to salvage blighted or substandard areas, promote economic activity and retain jobs.

CONTACT: Division of Community Services, Bureau of Local Economic Development (617) 727-7180

COMMUNITY/ECONOMIC DEVELOPMENT

CHAPTER 121B URBAN REDEVELOPMENT AUTHORITIES AND URDGS

The Chapter 121B Urban Renewal Program enables redevelopment authorities in cities and towns to redevelop blighted or slum areas. Municipalities can apply to EOCD to create such redevelopment authorities, as well as to receive Urban Revitalization Development Grants (URDG).

The new development can be residential, commercial, industrial, educational, recreational, medical or governmental and must serve a public purpose. Communities appropriate the entire cost of the project after which EOCD repays half of the cost in 20-year installments. The sponsors must document that the project could not be done without government subsidy, that the plan is consistent with the needs of the locality as a whole and that the financial plan is sound.

The program includes four separate areas of operation:

- power to create local redevelopment authorities
- federally aided urban renewal projects
- state aided urban renewal
- Urban Revitalization Development Grants (URDGs)

The program has three major funding sources, some federal and some state.

PROGRAM: Federal/state funded grant program

ELIGIBILITY: Redevelopment authorities on behalf of substandard or blighted areas. Cities and towns may apply for an Advance Planning Grant to prepare an Urban Renewal Plan

CONTACT: Division of Community Services, Bureau of Local Economic Development (617) 727-7180

CHAPTER 121C ECONOMIC DEVELOPMENT INDUSTRIAL CORPORATIONS

Chapter 121C provides for the creation of local Economic Development Industrial Corporations (EDIC) to enable cities and towns to undertake development projects that will generate jobs and stabilize communities. Communities petition EOCD to create such entities.

With EDIC, municipalities can designate economic development areas and shape plans for their development. EDICs have the power of eminent domain and the authority to negotiate payments in-lieu of property taxes. EDICs may also issue bonds to finance the development of eligible projects, which very often include industrial parks.

PROGRAM: State technical assistance program

ELIGIBILITY: Varies according to population of community

CONTACT: Division of Community Services, Bureau of Local Economic Development (617) 727-7180

DEMOLITION OF ABANDONED BUILDINGS

The goal of the FY93 Demolition of Abandoned Buildings Program is to stabilize low income neighborhoods under severe pressure by aiding communities to demolish and remove abandoned and fire damaged buildings which pose serious public health and safety threats. Such buildings can often be the focus of drug or gang activity and as such act as destabilizing influences on the neighborhood and community as a whole.

PROGRAM: State funded demonstration grant program which may not be available after FY93

ELIGIBILITY: Communities meeting certain population density requirements and without the local funds to undertake demolition are eligible. Fire must be a factor in creating abandoned buildings.

CONTACT: Division of Community Services, Bureau of Municipal Management (617) 727-7001

COMMUNITY/ECONOMIC DEVELOPMENT

ECONOMIC DEVELOPMENT RELOCATION TECHNICAL ASSISTANCE

Under this program, EOCD provides technical assistance in aiding the relocation of residents or businesses displaced by a state assisted project.

State projects which result in relocation may include road construction or the expansion of state funded educational institutions for instance. In such cases, relocation costs are part of the overall project cost and are paid by the state. The state's Bureau of Relocation approves relocation plans and acts as an arbiter where there are disputes.

PROGRAM: State technical assistance program

ELIGIBILITY: Any resident or business relocated because of a state assisted project may apply for relocation assistance. Any state agency causing relocation must develop a plan.

CONTACT: Division of Community Service Bureau of Local Economic Development (617) 727-7180

NOTE: ALSO SEE LISTINGS UNDER QUASI-PUBLIC AGENCIES

Local Government Assistance

LOCAL GOVERNMENT ASSISTANCE

NEIGHBORHOODS FIRST

The Neighborhoods First program is a comprehensive approach to the concerns of urban centers, which brings a wide variety of resources to bear on the multiple problems confronting such areas. The issues of housing, community development, capacity building, public safety, and neighborhood empowerment are among those addressed by EOCD working with a number of quasi public agencies.

EOCD staff works directly with local officials and residents to assess neighborhood stability, identify resident needs and consider possible actions.

PROGRAM: State funded program with potential for investment by quasi public agencies

ELIGIBILITY: Cities or towns with urban problems such as abandoned buildings, high crime rates, and job loss

CONTACT: Division of Community Services, Bureau of Municipal Management (617) 727-3253

MUNICIPAL INCENTIVE GRANTS

Municipal Incentive Grants (MIGS) support projects within cities and towns that increase management capacity, develop innovative approaches to improve service delivery. The program as a whole is particularly interested in promoting efficiencies through consolidation of tasks within municipalities and regionalization of services among communities.

Projects funded by MIGS are seen as pilot programs and models, the information and experience of which can then be shared with other communities.

PROGRAM: State funded grant program

ELIGIBILITY: Any municipality in the Commonwealth is eligible to apply for a grant.

CONTACT: Division of Community Services, Bureau of Municipal Management (617) 727-3253

STRATEGIC PLANNING GRANTS

Strategic Planning Grants promote municipal planning for future growth, economic development and land use management, with special emphasis on the issue of regional development.

PROGRAM: State funded program

ELIGIBILITY: Any city or town in the Commonwealth is eligible to apply for a grant

CONTACT: Division of Community Services Bureau of Planning and Regionalism (617) 727-3197

REGIONALISM RESOURCE CENTER

The Regionalism Resource Center will act as a collection point for information about regional actions and collaborations among communities to provide local services more efficiently. In addition, the Resource Center will collect information on regional activities from municipalities in other states and provides technical assistance to cities and towns in implementing regionalization projects. The program is in start-up phase at this printing.

PROGRAM: State funded program

ELIGIBILITY: Any local official in the Commonwealth

CONTACT: Division of Community Services Bureau of Planning and Regionalism (617) 727-3197

EXECUTIVE ORDER 145

Executive Order 145 is designed to prevent undue fiscal impact on cities and towns from actions taken by state agencies, boards and bureaus. The Executive Order requires every state agency, when making any change in state regulations that might affect the municipalities in the Commonwealth, to assess the possible cost to municipalities before such change is put into effect.

The formal notification of the change and the assessment of possible cost is reviewed by the Local Government Advisory Committee (LGAC) which may discuss amendments to the proposal to decrease cost impacts on local government.

PROGRAM: Joint state/local review program

ELIGIBILITY: Any change in rule or regulation proposed by a state agency that would affect cities and towns

CONTACT: Division of Community Services, Bureau of Municipal Management (617) 727-3253

LOCAL GOVERNMENT ASSISTANCE

RECLAIM OUR COMMUNITIES

The Reclaim Our Communities (ROC) initiative is a community based program for reducing criminal activity in targeted neighborhoods with public housing. The intent is to empower local residents, property managers and businesses to take back control of the neighborhood through community action. Funding is intended not to impose particular solutions on residents, but to provide a means for residents to shape their own.

PROGRAM: State funded grant program, one time only. All present funds committed.

ELIGIBILITY: See above

CONTACT: Division of Housing and Community Development, Bureau of Public Housing Management
(617) 727-3240

PEER-TO-PEER TECHNICAL ASSISTANCE

The Peer-to-Peer Technical Assistance Program will tap into the varied skills and abilities of local officials by making their talents available to aid their peers in local government with specific programs or projects.

A community with a special problem, such as the need to install new assessing software or create a personnel office is matched with a local official from a similar size community who already has experience in the area. The local official, such as a manager, treasurer, accountant or planner works directly with the city or town to complete the project.

PROGRAM: State funded assistance program presently in planning phase

ELIGIBILITY: Any community in the state will be eligible to apply for peer-to-peer assistance; there are no matching fund requirements

CONTACT: Division of Community Services, Bureau of Municipal Management (617) 727-7001

SOCIAL SERVICE AND ANTI-POVERTY PROGRAMS

COMMUNITY ENTERPRISE ECONOMIC DEVELOPMENT PROGRAM

The Community Enterprise Economic Development program (CEED) was developed to empower residents, revitalize neighborhoods and eliminate blight in targeted communities.

CEED funds are awarded to community development corporations which administer programs in economically depressed urban and rural neighborhoods, linking programs designed for economic development with social services such as job training.

EOCD places a high priority on providing financial and technical support for the following kinds of activities:

- improvement of local government infra-structures
- creation and retention of commercial and industrial jobs
- rehabilitation and new construction of affordable housing
- loans to small businesses
- neighborhood planning
- start up of credit unions
- skills training and education
- crime prevention

PROGRAM: State funded program

ELIGIBILITY: A CDC must be incorporated as a non-profit and designated to serve a blighted geographic area of residents whose incomes are below 80% of the regional median income

CONTACT: Local CDC or Division of Social and Economic Opportunity, Bureau of Neighborhood Services (617) 727-0050

HOUSING SERVICES PROGRAM

The Housing Services Program (HSP) is preventative in nature, designed to avert homelessness, maintain affordable housing stock and address the housing related problems of families and individuals. HSP tries to forestall evictions by helping landlords and tenants solve their problems and tries to forestall foreclosure for homeowners by helping at-risk households.

The program offers information and referral assistance to tenants, informs landlords and tenants of their legal rights and responsibilities, and conducts negotiations between tenants and landlords when there is a dispute. Services provided by the program include:

- negotiation
- mediation

- budgeting and management
- landlord/tenant counseling
- seminars/workshops on
 - homeownership
 - lead paint abatement
 - eviction procedure
 - mortgage financing
 - code violations
 - security deposits

HSP is administered by designated housing agencies located across the Commonwealth which are the recipient of funds through an annual competitive selection process.

PROGRAM: Federal and state annual grant program. This program functions as part of the safety net for former users of the Chapter 707 rental assistance program.

ELIGIBILITY: Community based organizations engaged in providing housing related services to low-income individuals and neighborhoods. Applicants must have demonstrated housing experience working with all sectors of the housing market.

CONTACT: Division of Social and Economic Opportunity, Bureau of Neighborhood Services (617) 727-0050

EMERGENCY COMMUNITY SERVICES HOMELESS GRANT

The Emergency Community Services Homeless Grant Program (EHP) is designed to help homeless individuals and those at risk of becoming homeless through eviction or foreclosure. It was established by the Stewart B. McKinney Federal Homeless Assistance Act of 1987 and operates through designated community action agencies.

Services offered include: day care where homeless families/individuals can leave their children while they look for employment or housing; referral and advocacy; emergency food, emergency health care referral, clothing and shelter services; stabilization services and substance abuse counseling and transportation. EHP makes assistance available to any individual who has received a notice of foreclosure, eviction or termination of utility services. Homeless individuals are also notified of any income support benefits for which they may be eligible.

PROGRAM: Federal annual grant program.

ELIGIBILITY: Designated Community Action Agencies (CAAs) are the only eligible applicants. CAAs act as intermediary organizations which provide direct services to families and individuals.

CONTACT: Division of Social and Economic Opportunity, Bureau of Neighborhood Services Opportunity (617) 727-0050

SOCIAL SERVICE AND ANTI-POVERTY PROGRAMS

LOW INCOME HOME ENERGY ASSISTANCE

The Low Income Energy Assistance Program (LIHEAP) provides help with home heating costs for low income, elderly and handicapped clients. Low income persons are funded with federal money; elderly and handicapped persons with state money.

PROGRAM: Combined federal/state funded program

ELIGIBILITY: Persons with incomes up to 150% of the federal poverty level; elderly and handicapped persons with incomes up to 175% of the federal poverty level

CONTACT: Division of Social and Economic Opportunity, Bureau of Energy Programs, Fuel Assistance Unit
(617) 727-3246 or (800) 632-8175

LOW INCOME WEATHERIZATION ASSISTANCE

The Low Income Weatherization Assistance Program provides funding to undertake weatherization improvements in residential units occupied by low income persons. Weatherization improvements include insulation, caulking and air sealing as well as storm window replacement and burner repair. Weatherization improvements are provided directly to households through regional non-profit subgrantee organizations.

PROGRAM: Federal funding with supplemental oil overcharge funding

ELIGIBILITY: Persons with incomes up to 150% of the federal poverty level; elderly and handicapped persons with incomes up to 175% of the federal poverty level; priority for elderly, disabled and families with small children

CONTACT: Division of Social and Economic Opportunity, Bureau of Energy Programs, Energy Conservation Unit
(617) 727-6964 or (800) 632-8175

HEATING ENERGY RETROFIT TASK WEATHERIZATION ASSISTANCE

The Heating Energy Retrofit Task Weatherization Assistance Program (HEARTWAP) is designed to prevent homelessness by providing emergency help for failed heating systems. Under the program, burners or heating systems can be repaired, retrofitted or replaced, or cleaned and tuned to improve efficiency.

PROGRAM: State designed, federal and/or oil overcharge funding

ELIGIBILITY: Persons with incomes up to 150% of the federal poverty level including elderly and handicapped persons

CONTACT: Division of Social and Economic Opportunity, Bureau of Energy Programs, Energy Conservation Unit

(617) 727-6964 or (800) 632-8175

INDIAN AFFAIRS AND ASSISTANCE

The Commission on Indian Affairs provides a broad spectrum of services to Native Americans. These include the following:

1. Native American Information and Referral Services

This service centralizes information on all programs in the Commonwealth which either offer a special offset for Native American applicants or offer services of use to Native Americans, including the work of the Massachusetts Indian Scholarship Committee, which issues tuition waivers to Native American students at state schools of higher education.

2. Native American Advocacy Program

The Commission drafts and supports federal and state legislation affecting Native Americans, as well as providing access to address legal issues affecting Native Americans.

3. Prison Counselling and Training Program

The Commission, through volunteers, provides a spiritual and educational counselling and training program for the incarcerated in New England prisons.

4. Educational/Cultural Programs

The Commission generates and supports cultural programs for the general public on Indian crafts, art, music and dance through national and international festivals.

5. Reinternment Project

The Commonwealth of Massachusetts has a program and a state law protecting unmarked gravesites, some of which are Native American. One option available under the program is to provide reinternment for skeletal remains disinterred by development or construction projects.

PROGRAM: State funded program

ELIGIBILITY: Open to anyone of Native American descent

CONTACT: Commission on Indian Affairs (617) 727-6966

SOCIAL SERVICE AND ANTI-POVERTY PROGRAMS

CSBG SPECIAL PROJECTS

The Special Projects Program, funded from a 5% set-aside of CSBG money, supports innovative anti-poverty initiatives and activities. Such projects can address a multitude of the problems facing low income families in the Commonwealth, including creation of community based development organizations to provide housing, employment, and other related social and self-sufficiency services.

PROGRAM: Federally funded offset of CSBG program

ELIGIBILITY: Set separately for each program

CONTACT: Division of Social and Economic Opportunity, Bureau of Neighborhood Services (617) 727-0050

EMERGENCY DRUG FUNDS

The Emergency Drug Fund program seeks to increase drug prevention and education activities in the Commonwealth.

The program, implemented by MASSCAP in cooperation with the Governor's Alliance Against Drugs, has:

- developed model anti-drug abuse programs that can be replicated by CAAs throughout the state
- supported creation of community anti-drug coalitions in five targeted communities
- developed resource guide of national, state and regional drug agencies and resources
- organized forums to facilitate information sharing among CAAs on drug abuse issues

PROGRAM: Federally funded, one time only grant.

NOTE: All funds have been awarded and no further applications are being accepted.

ELIGIBILITY: See above

CONTACT: Division of Social and Economic Opportunity, Bureau of Neighborhood Services (617) 727-0050

NEIGHBORHOOD HOUSING SERVICES

The Neighborhood Housing Services program (NHS) is designed to eliminate blight and revitalize targeted neighborhoods by supporting agency or individual housing rehabilitation projects.

The NHS program focuses on creating a working partnership among residents, local officials and private sector business and banking interests. The local organizations created under the program provide loans to homeowners and may undertake rehabilitation projects directly. Among the other goals of the agency is to:

- improve housing conditions
- foster neighborhood stability
- stimulate private housing construction and rehab
- increase availability of housing rehab loans for low/moderate income residents

PROGRAM: Federally funded loan program. **NOTE:** At this time all funds have been committed and no new applications are being accepted.

ELIGIBILITY: Community and neighborhood non-profits; low and moderate income homeowners in targeted communities

CONTACT: Division of Social and Economic Opportunity, Bureau of Neighborhood Services (617) 727-0050

COMMUNITY FOOD AND NUTRITION PROGRAM

The Community Food and Nutrition Program (CFNP) focuses on nutrition education and outreach programs for unemployed and low income individuals and families.

The program, working through regional food banks and networks, carries out the following activities:

- improving coordination of existing private and public assistance resources to better serve the poor
- helping identify potential sponsors of child nutrition programs and initiate programs in unserved areas
- developing innovative approaches to meet nutritional needs

PROGRAM: Federally funded program

ELIGIBILITY: Public and private non-profit organizations

CONTACT: Division of Social and Economic Opportunity, Bureau of Neighborhood Services (617) 727-0050

SOCIAL SERVICE AND ANTI-POVERTY PROGRAMS

COMMUNITY SERVICE BLOCK GRANT

The Community Service Block Grant program (CSBG) provides funds for 25 designated community action agencies to enhance the quality of life and promote self-sufficiency among the poor.

The annual entitlement funds provide primarily family oriented programs dealing with the following issues:

- | | |
|------------------------------|-----------------------------------|
| - homelessness | - domestic violence |
| - housing | - teen pregnancy/advocacy |
| - child development/day care | - elderly services |
| - drugs/substance abuse | - employment/training |
| - energy programs | - infant mortality |
| - health care | - crime prevention |
| - education/literacy | - self-sufficiency/staff training |
| - nutrition | - transportation |
| - legal assistance | - immigration assistance |

PROGRAM: Federally funded program, administered by EOCD through CAAs

ELIGIBILITY: CAAs must meet federal requirements under CSBG. Local CAA would have eligibility requirements for individual programs.

CONTACT: Either local CAA or Division of Social and Economic Opportunity, Bureau of Neighborhood Services (617) 727-0050

HOUSING - GENERAL

HOME

The HOME initiative is designed to produce affordable housing units for rent or purchase by low or moderate income households. Established by the Cranston-Gonzalez National Affordable Housing Act of 1990, the program is administered by HUD with Massachusetts as a participating jurisdiction and EOCD overseeing implementation.

Projects to be funded include those which will increase rental housing or provide first time homeownership assistance, rehabilitation assistance for existing homeowners and tenant-based rental assistance. EOCD is encouraging applications for moderate or substantial rehabilitation and/or completion of rehabilitation of distressed or failed properties as well as applications that will benefit distressed neighborhoods.

Fifteen percent (15%) of the funds will be set aside for non-profit organizations constituted as community housing development organizations (CHDOs). Thirty non-profit organizations in Massachusetts have already applied for such a designation.

PROGRAM: Federal grant program

ELIGIBILITY: For-profit developers; non-profit developers; non-profit organizations constituted as CHDOs; municipalities. All applications require the approval of the chief elected official of the community to benefit from the funds.

CONTACT: Division of Housing and Community Development, Bureau of Private Housing Programs (617) 727-7130

HOUSING OVERSTOCK AND FORECLOSURE INITIATIVES PROGRAM

The Housing Overstock and Foreclosure Initiatives Program (sometimes called REO for Real Estate Owned) intends to make available foreclosed or overstock properties to low and moderate income families and provide help that will allow them to become property owners.

The program helps develop affordable housing programs for regulatory agencies controlling such properties and maintains an inventory of such properties held by the public and private sector. In addition, an offshoot of the program, called Home Advantage, provides counseling, financing of repairs and de-leading, help with down payments and closing costs and discounted purchasing prices.

Home Advantage is a public/private partnership of EOCD, MHFA, CHAPA, FNMA, banks, non-profit home counseling agencies and real state professionals.

PROGRAM: State information program with loan component

ELIGIBILITY: Potential home buyers take advantage of the program through a local non-profit home counseling agency, and must meet MHFA income and eligibility requirements for the area in which the property is located.

CONTACT: Bureau of Private Housing Programs (617) 727-7824

HOUSING APPEALS COMMITTEE - CHAPTER 774

In order to promote the creation of affordable housing, the Housing Appeals Committee adjudicates disputes arising from the operation of the state's anti-snob zoning law, Chapter 774. That 1969 law allows issuance of a comprehensive permit which overrides local zoning in order to allow development of affordable housing.

A developer with a proposal to build subsidized low and moderate income housing within a community may receive an adverse decision from the community's Zoning Board of Appeals which denies a comprehensive permit to build such housing or grants a permit with conditions. In either case the developers can seek review by the Housing Appeals Committee, which can uphold, set aside or modify the ZBA's ruling.

PROGRAM: State program

ELIGIBILITY: Any developer denied an unconditional comprehensive permit by a ZBA in a city or town with less than 10% of its housing units affordable to low or moderate income persons

CONTACT: Housing Appeals Committee (617) 727-6192

LOCAL INITIATIVE PROGRAM

The Local Initiative Program (LIP) stimulates affordable housing production by allowing local governments to work in partnership with project sponsors and providing for possible modification of present zoning requirements in a community.

Project applications include comprehensive permit projects and inclusionary zoning projects. Comprehensive permit projects must seek a comprehensive permit from the local zoning board of appeals after EOCD has reviewed and approved their applications and may build at a higher density than local zoning ordinarily allows. In addition such projects must reserve at least 25% of the units as low income units. Inclusionary zoning projects must gain EOCD approval in

HOUSING - GENERAL

addition to permits confirming that the proposal conforms to existing zoning. The project may include new or existing units and there is no minimum percentage of low income units required for such applications.

PROGRAM: State program involving no direct dollars, but subsidizing technical assistance and project review costs.

ELIGIBILITY: For-profit developers, non-profit developers and local government entities. All applications require the approval of the chief elected official in the community that will benefit from the funds.

CONTACT: Division of Housing and Community Development, Bureau of Private Housing Programs (617) 727-7824

MANUFACTURED HOME COMMISSION

(formerly known as the Mobile Home Commission)

The Manufactured Home Commission, created by the legislature, is responsible for studying and reporting on issues and problems relating to mobile homes, mobile home parks or to their residents. The five member Commission files its reports with the legislature, sometimes in the form of proposed legislation.

In addition, the Commission is required to compile a directory of all mobile home parks in the state.

PROGRAM: State funded program. **NOTE:** Membership and responsibilities of the Commission are currently being revised.

ELIGIBILITY: Any resident of a mobile home park or owner or operator of a mobile home park can bring issues before the Mobile Home Commission

HOUSING - HOMEOWNERSHIP

SOFT SECOND LOAN PROGRAM

The Soft Second Program increases affordable homeownership opportunities for low and moderate income first time home buyers.

This EOCD/MHP program is a joint initiative of the public and private sectors and combines a conventional 30-year fixed rate first mortgage with a subsidized second mortgage. The down payment required is only 5% and the homeowner is allowed to borrow up to 20% (not to exceed \$25,000) of the purchase value, thus avoiding the additional expense of private mortgage insurance. The homeowner is required to pay interest only on the second mortgage for the first ten years. In addition, public funds are used to cover a substantial portion of the interest due on the first mortgage for the first five years. The public investment is secured by the junior mortgage repayable at the time of resale or refinancing

PROGRAM: State loan program.

ELIGIBILITY: Municipalities are eligible to apply on behalf of buyers with household incomes below 80% of median income. Borrowers are expected to secure a conventional mortgage and to contribute no less than 28% and no more than 33% of their income for mortgages and all other housing expenses.

The maximum purchase price allowed by the program is \$110,000 for a condominium and \$125,000 for a single family home.

SEE HOUSING - GENERAL

HOMEOWNERSHIP OPPORTUNITY PROGRAM

The Homeownership Opportunity Program (HOP) encourages the development of mixed income homeownership projects sponsored by community housing partnerships and developers.

HOP, jointly administered by EOCD and MHFA, allows either condominium or single family development with at least 30% of the units reserved for purchase by families below 80% of median income. Those eligible buyers receive below-market mortgages through MHFA as well as interest subsidy assistance from EOCD. Since many of the units are made available for 15% to 50% less than appraised value, the state imposes a deed restriction on all resales to preserve the affordability of the units for new buyers.

PROGRAM: State loan program. **NOTE:** As of this date all funds have been committed for projects and no new applications are being accepted. However, some HOP project sponsors are still marketing units to buyers and some units have become available for resale.

ELIGIBILITY: Eligible buyers of HOP affordable units must have incomes below 80% of median income and downpayments of 5%.

HOUSING - RENTAL CONSTRUCTION/REHAB/OPERATION

SMALL CITIES HOUSING DEVELOPMENT SUPPORT PROGRAM

The Small Cities Housing Development Support Program (HDSP) is designed to create or retain affordable housing. Among the tools used in the program is funding for substantial rehabilitation, reclamation of abandoned properties, support for infrastructure and conversion of obsolete structures. The project can be one designed to assist a special needs population. Because this program uses CDBG funds, any project must meet at least one of the following criteria: of benefit to low and moderate income persons, helps remove slums and blight, or serves a critical community need.

PROGRAM: Federally funded grant program through CDBG funds

ELIGIBILITY: Cities and towns of less than 50,000 population which are not entitlement communities

CONTACT: Division of Community Services, Bureau of Small Cities (617) 727-0494

LOW INCOME HOUSING TAX CREDITS

The Low Income Housing Tax Credit Program (LIHTC) targets construction or acquisition and substantial rehabilitation of low income family housing, as well as special needs housing and low income housing preservation.

The program, created by the federal Tax Reform Act of 1986, awards federal tax credits to investors in low income housing. At least 20% of the units must be reserved for and made affordable to persons with incomes 50% or less than the area median gross income or at least 40% of the units must be made affordable for persons with incomes 60% or less than the area median income. In addition, the project must be retained as low income housing for 30 years.

PROGRAM: Federal tax credit program.

ELIGIBILITY: For-profit and non-profit developers

CONTACT: Bureau of Private Housing Programs (617) 727-7824

TAX EXEMPT LOCAL LOANS TO ENCOURAGE RENTAL PRODUCTION

This program, called TELLER, increases affordable rental housing production by providing tax exempt financing through local housing authorities.

TELLER allocates a portion of the state's bond volume cap to housing authorities, which issue bonds for the development of rental housing. In most cases, the developer participating in the program must obtain a letter of credit enhancement from an independent financial institution. Program requirements include reserving 20% of the units being developed for tenants with incomes at or below 50% of median income, or 40% of the units being reserved for tenants at or below 60% of median income.

PROGRAM: State loan program.

ELIGIBILITY: For-profit developers, non-profit developers and local government entities. All applications require the approval of the chief elected official of the community that will benefit from the funds.

CONTACT: Division of Housing and Community Development, Bureau of Private Housing Programs (617) 727-7824

RENTAL DEVELOPMENT ACTION LOAN

The Rental Development Action Loan program (RDAL) supports rental housing and limited equity cooperatives for low and moderate income families.

An RDAL loan is a 15-year subsidy which reduces ongoing operating costs such as debt service for small to medium size developments. Long term financing may be provided by MHFA or a private lender. It is used for new construction, preservation, or rehabilitation of partially occupied buildings and low-income affordability is required for 15 to 20 years. At least 50% of the units must contain two or more bedrooms and at least half of those must be reserved for low income families.

PROGRAM: State loan program. **NOTE:** As of this date, all funds have been committed to projects and no further applications are being accepted.

ELIGIBILITY: Private, limited dividend, for-profit or non-profit entities.

CONTACT: Division of Housing and Community Development, Bureau of Private Housing Programs (617) 727-7824

HOUSING - RENTAL CONSTRUCTION/REHAB/OPERATION

HOUSING INNOVATIONS FUND

The Housing Innovations Fund (HIF) was created to finance innovative housing needs in the Commonwealth such as single room occupancy housing (SRO), limited equity cooperatives and special needs housing for the terminally ill, victims of immunological deficiencies and those recovering from substance abuse.

HIF provides long term investment in housing with a deferred payment capital loan. As long as the property remain affordable to low income persons and meets other guaranteed conditions, the loan does not need to be repaid for 40 years. At least 50% of the residents of HIF projects must be low income.

PROGRAM: State loan program. NOTE: As of this date, all funds have been committed to projects and no further applications are being accepted.

ELIGIBILITY: Non-profit entities only.

CONTACT: Division of Housing and Community Development, Bureau of Private Housing Programs (617) 727-7824

STATE HOUSING ASSISTANCE FOR RENTAL PRODUCTION

The State Housing Assistance for Rental Production program (SHARP) is used to generate mixed income family housing production, 25% of which must be affordable.

The loan program combines long term financing through issuance of tax exempt bonds by the Massachusetts Housing Finance Agency (MHFA) with a state subsidy to reduce financing costs to 5%. SHARP loans have a term of 15 years but the affordability requirement is preserved for a longer term. If the private owner does not want to maintain the development as affordable housing, the SHARP option allows the state to acquire the property for the lower of the determined price or market value or to arrange for its sale to another owner who will preserve the low income affordability.

PROGRAM: State loan program. NOTE: As of this date, all funds have been committed to projects and no new applications are being accepted.

ELIGIBILITY: For-profit and non-profit developers.

CONTACT: Division of Housing and Community Development, Bureau of Private Housing Programs (617) 727-7824

FAMILY LOW INCOME HOUSING - CH. 705

The intention of the Chapter 705 program is to provide housing for low income families which allows integration into existing neighborhood settings.

The program, operated through LHAs, typically develops properties with a small number of units. The LHA may, in certain circumstances, acquire existing homes or condominium units instead of constructing new units.

PROGRAM: State grant program.

ELIGIBILITY: LHAs on behalf of tenants meeting tenant eligibility criteria

CONTACT: For development; Bureau of Housing Development and Construction (617) 727-7130

For occupancy; LHA or Bureau of Public Housing Management (617) 727-3240

ELDERLY LOW INCOME HOUSING - CH. 667

The Chapter 667 program provides housing for the low income elderly as well as for those qualified persons of any age with disabilities.

The program affords Local Housing Authorities the opportunity to construct or acquire and rehabilitate either conventional elderly housing or congregate housing. Congregate housing combines shared living spaces with home care and visiting nurse services, provided by EOEA, as needed. Chapter 667 was originally passed by the legislature in 1954.

PROGRAM: State grant program.

ELIGIBILITY: LHAs on behalf of tenants who are 62 years of age or older meeting the tenant income eligibility criteria, and people of any age meeting the tenant eligibility criteria who have disabilities.

CONTACT: For development; Bureau of Housing Development and Construction (617) 727-7130

For occupancy; LHA or Bureau of Public Housing Management (617) 727-3240

HOUSING - RENTAL CONSTRUCTION/REHAB/OPERATION

PUBLIC HOUSING MODERNIZATION

The goal of the housing modernization program is to protect the investment made in public housing by the state over the last forty years by providing funds for capital maintenance of these developments.

A three phase program instituted in 1983 has funded structural repairs, building system upgrades and kitchen and bathroom renovations for 30,000 of the 47,000 public housing units in the state. LHAs assessed the reconstruction needs and were awarded grants for these projects.

PROGRAM: State grant program.

ELIGIBILITY: Local housing authorities.

CONTACT: Division of Housing and Community Development, Bureau of Housing Development and Construction, (617) 727-7130

STATE AIDED FEDERAL PUBLIC HOUSING MODERNIZATION

The goal of the State Aided Federal Public Housing Modernization program (SAFPHM) is to rehabilitate and modernize federally funded public housing projects using both state and federal funds. SAFPHM seeks to achieve renovation and modernization in distressed federally assisted projects under the terms of the Comprehensive Housing Act of 1987.

PROGRAM: Federal matching grant demonstration program.

ELIGIBILITY: LHAs for federally funded public housing projects in need of renovation, repair, rehabilitation, or modernization of major systems.

CONTACT: Division of Housing and Community Development, Bureau of Housing Development and Construction (617) 727-7130

PUBLIC HOUSING OPERATING SUBSIDY - CH. 200, 667, 689, 705

The Housing Operating Subsidy Program provides annual funding commitments for the operation of EOCD funded public housing stock. In addition, for most of the units under the legislative chapters listed above, EOCD works with other appropriate state agencies to supply a wide variety of support

services. These include some physical adaptations of the living units, congregate living support, and special elderly services.

PROGRAM: State operating subsidy/service subsidy

ELIGIBILITY: LHAs on behalf of tenants in EOCD funded LHA housing are eligible for a wide variety of programs. Please see listings under Social Services.

CONTACT: Division of Housing and Community Development, Bureau of Public Housing Management (617) 727-3240

SECTION 8 NEW CONSTRUCTION - CHAPTERS 167, 667, 689, 705

The purpose of the Section 8 program is to provide affordable housing to low income families and the elderly. Tenants pay 30% of their adjusted gross income for rent and the federal government subsidizes the difference between this amount and the total contract rent.

The program is a unique combination of state and federal initiatives which provide 35 to 40 year mortgages through HUD funding to amortize construction costs, pay the administrative costs of the program and subsidize tenant rents. The Commonwealth, as its contribution to the program, funds construction and permanent mortgage financing as well as administering the 18 developments and is repaid the development and rehab costs of these projects from the project income. The developments themselves are owned by LHAs.

Under this overall Section 8 program are individual housing initiatives. Please See: Special Needs Housing Production (Ch. 689 and 167), Elderly Low Income Housing Production (Ch. 667) and Family Housing Production (Ch. 705).

PROGRAM: Combined federal and state funding. As of this date, all funds are committed and no new production will be undertaken.

ELIGIBILITY: See tenant eligibility criteria listed under the individual housing programs.

CONTACT: Division of Housing and Community Development, Bureau of Housing Management (617) 727-3240

HOUSING - RENTAL CONSTRUCTION/REHAB/OPERATION

SECTION 8 SUBSTANTIAL REHABILITATION - CHAPTERS 200, 667, 689, 705

Section 8 Substantial Rehabilitation Program, provides reconstruction funds for substandard or aging subsidized housing units within individual housing programs such as:

- Chapter 200 veterans family housing
- Chapter 667 elderly housing
- Chapter 689 special needs housing
- Chapter 705 family housing

Under this program as with Section 8 New Construction, the tenant pays 30% of his adjusted gross income for rent while the federal government subsidizes the difference between that amount and the total contract rent.

The program involves both public and quasi public entities with HUD usually committing 35 to 40 years of rent subsidies and amortization of rehab costs and the Commonwealth contributing rehabilitation funds and permanent mortgage financing. The Commonwealth is repaid the development and rehab costs from the project income. MHFA funded the rehab of the largest single project.

PROGRAM: Joint federal and state program with some financial involvement by MHFA. As of this date all funds are committed and no further programs will be undertaken

ELIGIBILITY: See tenant eligibility criteria listed under the individual housing programs

CONTACT: Division of Housing and Community Development, Bureau of Housing Management (617) 727-3240

Housing - Rental Assistance

Verzeich-
nis der
Haupt-
städte

HOUSING - RENTAL ASSISTANCE

SECTION 8 VOUCHER

The Section 8 Voucher Program provides a rental subsidy to low income individuals and families which allows them to select any rental unit which meets HUD and EOCD requirements anywhere in the Commonwealth. The tenant's subsidy is based on a payment standard established by HUD which adjusts for family size and location of the rental unit.

Under the program, the tenant is guaranteed a subsidy that is equal to the difference between the payment standard and 30% of the tenant's income. There is no limit on the rent the tenant can pay provided it is reasonable in comparison to similar unassisted rents.

PROGRAM: Federally funded program

ELIGIBILITY: Households whose income is less than 50% of the median income in the area where they reside. Priority is given to the homeless or those at risk of being homeless

CONTACT: Division of Housing and Community Development, Bureau of Section 8 (617) 727-7133

SECTION 8 EXISTING CERTIFICATE

The Section 8 Existing Certificate Program also provides a rental subsidy in the form of a certificate to low income individuals and families which allows them to select any rental unit which meets HUD and EOCD requirements anywhere in the Commonwealth (see above). However, in this version of the program, there is a limit placed on the amount of rent the program will pay and a limit of 30% of income which can be paid by a tenant for rent.

PROGRAM: Federally funded program

ELIGIBILITY: Households whose income is less than 50% of the median income in the area where they reside. Priority is given to the homeless or those at risk of being homeless.

CONTACT: Division of Housing and Community Development, Bureau of Section 8 (617) 727-7133

SECTION 8 MODERATE REHAB PROGRAM

The Section 8 Moderate Rehab Program (MRP) is designed to upgrade substandard housing and bring rental units in need of moderate rehabilitation into the market as low income housing.

The program provides a 15-year guaranteed rental agreement to owners of rental housing needing a minimum of \$1,000 of work to reach compliance with HUD standards (\$3,000 for SROs). In exchange for this guarantee, the owner agrees to rent the unit to a low income household. The program is also designed to dilute the concentration of assisted units in many parts of the Commonwealth.

PROGRAM: Federally funded program

ELIGIBILITY: Property owners whose rental units require a minimum of \$1,000 per unit (\$3,000 for a SRO). Households whose income is less than 50% of the median income in the area where they reside.

CONTACT: Division of Housing and Community Development, Bureau of Section 8 (617) 727-7133

SECTION 8 PROJECT BASED ASSISTANCE

Section 8 Project Based Assistance (PBA) is designed to tie a Section 8 subsidy to a rental unit for up to five years and to provide a variety of services to the household in cooperation with other state agencies. HUD allows EOCD to designate up to 15% of their Section 8 certificates for this program.

An example of a project which has been supported through these means involves PBA funding for 52 units housing persons with immunological disorders. This initiative was developed in concert with the Massachusetts Department of Public Health, which committed \$1 million in service dollars to assist the residents of these units.

PROGRAM: Federally funded program

ELIGIBILITY: Low income persons on an EOCD regional administrative waiting list: housing units with at least \$1,000 required in rehab to meet HUD housing quality standards

CONTACT: Division of Housing and Community Development, Bureau of Section 8 (617) 727-7132

HOUSING - RENTAL ASSISTANCE

FAMILY SELF SUFFICIENCY SECTION 8 PROGRAM

The Family Self Sufficiency Program is designed to coordinate Section 8 rental assistance, through vouchers and certificates, with public and private resources to enable families to achieve economic independence and self-sufficiency. The effort will provide job training, educational and other services to clients over a five year period to alleviate the clients' need for public assistance.

Authorized by the 1990 National Affordable Housing Act, the program establishes a 5-year contract between willing clients and EOCD, with the commitment of the client to undertake an array of activities designed to foster economic independence. This program is now a permanent on-going federal requirement for all future federal housing dollars.

PROGRAM: Federal program

ELIGIBILITY: Persons with incomes below 50% of the area median income

CONTACT: Division of Housing and Community, Development, Bureau of Section 8 (617) 727-7133

MASSACHUSETTS RENTAL VOUCHER PROGRAM

(Formerly known as the 707 Program)

The Massachusetts Rental Voucher Program (MRVP) increases the flexibility with which EOCD can service low income families' and individuals' housing needs by offering rental subsidies which are either tenant or project based. In both cases, the program is administered by local or regional housing authorities.

The MRVP voucher can be used for two purposes:

- Mobile tenant-based vouchers are valid for any housing unit that meets EOCD's housing quality standards. They are assigned to the tenant rather than to a particular location
- Project based vouchers are assigned to a particular housing development. Owners of these developments agree to rent each unit to an eligible low income tenant and the voucher doesn't move from the designated location even if the tenant chooses to move.

PROGRAM: State funded program; the mobile portion of the program has been closed to new participants.

ELIGIBILITY: Individuals or households whose income does not exceed 200% of the federal poverty standards

CONTACT: Local or regional housing authorities, or Division of Housing and Community Development, Bureau of State Rental Assistance (617) 727-7132

HOUSING - SPECIAL NEEDS

SPECIAL NEEDS HOUSING - Ch. 689 and Ch.167

The Chapter 689 and Chapter 167 programs are designed to provide for the specialized housing needs of LHA tenants who have mental illness or mental or physical disabilities. The intention is to help individuals maintain maximum personal independence by providing on-site services.

Such housing is developed by the Local Housing Authority (LHA) in conjunction with those state agencies under the Executive Office of Health and Human Services that provide specialized services to the target population. The original program was enacted in 1974, while certain capital grant funding for housing for the chronically mentally ill was passed in 1987.

PROGRAM: State grant program to deliver housing with EOHS providing support services for their program participants

ELIGIBILITY: Any LHA on behalf of EOHHS program participants with mental or developmental illness, developmental disabilities, or substance abuse problems, as well as abused adolescents, pregnant and parenting teens and persons with mobility and/or sensory impairments.

CONTACT: For development; Bureau of Housing Development and Construction (617) 727-7130

For occupancy; LHA or Bureau of Public Housing Management (617) 727-3240

ELDERLY LOW INCOME HOUSING - CHAPTER 667

SEE HOUSING - RENTAL CONSTRUCTION/REHAB/ OPERATION

MCKINNEY SUPPORTIVE HOUSING DEMONSTRATION

The McKinney Permanent Housing (PH) for the Handicapped Homeless Program develops community-based long-term housing and support services for handicapped homeless persons. The intention is to maximize resident's ability to live independently within the permanent housing environment.

Operation of the permanent housing and coordination of support services is done by a private non-profit or LHA.

PROGRAM: Federally funded grant program.

ELIGIBILITY: Non-profit organization or public local housing authority for acquisition, rehabilitation, operating costs and supportive services. New construction grants are available under limited circumstances.

CONTACT: Division of Housing and Community Development, Bureau of Public Housing Management (617) 727-3240

HARD TO HOUSE HOMELESS TRANSITION HOUSING DEMONSTRATION

The Hard to House Homeless Transition Demonstration Project (HHS) helps families develop the necessary skills to maintain permanent housing.

Case management and a more normal living environment in public housing units as temporary transitional shelter are used as tools to help families learn how to manage. Those successfully completing the program are provided permanent affordable housing (in many cases in the same unit where the family has been temporarily sheltered.)

PROGRAM: Federally funded three-year demonstration program

ELIGIBILITY: Joint federal/state requirements; call number listed below

Technical Assistance and Training

Technical
Assistance
Training

TECHNICAL ASSISTANCE AND TRAINING

SMALL CITIES TECHNICAL ASSISTANCE

Small Cities staff offers technical assistance, training sessions and regional workshops for local staff involved in any community development project funded within the program. In addition, application assistance is offered, and program monitoring is undertaken with these funds.

PROGRAM: Federally funded service program.

ELIGIBILITY: Cities and towns of less than 50,000 population which are not entitlement communities and which are involved in a community development project funded by Community Development funds.

CONTACT: Division of Community Services, Bureau of Small Cities (617) 727-0494

LOCAL ECONOMIC DEVELOPMENT TECHNICAL ASSISTANCE

EOCD's Local Economic Technical Assistance program is designed to improve economic development capacity at the local and regional levels. Assistance, provided by the staff of the Bureau of Local Economic Development and the Office of the Special Assistant to the Secretary for Planning and Programs, offers training sessions, workshops and site visits.

EOCD staff will help communities and regions create non-profit partnership organizations to undertake development. Downtown Partnerships and EDICs are two organizations of this type. In addition, EOCD staff will work with developers and bankers and will assist communities in reviewing the possible use of local IDFAs to finance projects through tax exempt or taxable bonds.

PROGRAM: State funded technical assistance program

ELIGIBILITY: Any city or town

CONTACT: Division of Community Services, Bureau of Local Economic Development (617) 727-7180

MUNICIPAL TECHNICAL ASSISTANCE

This service program includes a series of initiatives designed to provide necessary and useful technical assistance to local officials in any area relating to municipal government, from finance and budgeting to personnel development. These include:

- EOCD site visits to discuss specific problems and potential solutions with municipal staff
- Ombudsman Services, providing information on state and federal programs, laws and regulations
- Municipal Charter and Special Revision assistance to review municipal charters and/or implement new forms of local government
- Total Quality Management information, training and implementation assistance
- Peer-to-Peer technical assistance which matches a need within one community with the skill or knowledge in a local official from another community, so that the latter can train, inform, or even implement a new program for the former

PROGRAM: State funded local assistance program

ELIGIBILITY: Any city or town in the Commonwealth can request these services

CONTACT: Division of Community Services, Bureau of Municipal Management (617) 727-3253

MUNICIPAL MANAGEMENT AND TRAINING INSTITUTE

The Municipal Management and Training Institute is an umbrella program which provides a wide variety of educational and training opportunities for local officials. The offerings include workshops, seminars, publications and special training sessions such as a program for newly elected mayors and a series of workshops for small towns.

PROGRAM: State funded program

ELIGIBILITY: Any local official from any community in the Commonwealth

CONTACT: Division of Community Services, Bureau of Municipal Management (617) 727-3253

TECHNICAL ASSISTANCE AND TRAINING

PLANNING AND LAND USE TECHNICAL ASSISTANCE

A wide variety of land use and planning assistance is offered to municipalities by EOCD, including the following:

- Land Use Manager is published monthly and provides in-depth information on changes or interpretations of zoning laws
- general zoning and land use information by phone from EOCD staff
- site visits and consultations with EOCD staff
- training and seminar sessions for volunteer and paid staff of local planning and zoning boards and town clerks

PROGRAM: State funded program

ELIGIBILITY: Local agencies involved with land use or planning

CONTACT: Division of Community Services, Bureau of Planning and Regionalism (617) 727-3197

STATE CLEARINGHOUSE

The State Clearinghouse coordinates the timely review of federal grant applications by state and regional governments to ensure that requests for federal funding are consistent with state and regional policies. In addition, the Clearinghouse acts as a statewide communication and coordination vehicle for requests for federal funding and actions proposed within the state. The Clearinghouse process is required by both federal and state executive orders.

The Clearinghouse produces a monthly publication summarizing federal grant applications and proposed federal agency actions, which is reviewed by state and regional government agencies. After the review and comment, applicants are notified that they have completed the process, a necessary step before federal agencies will approve grant awards.

PROGRAM: State program required by federal order

ELIGIBILITY: Applies only to federal grant applications or federal agency actions

CONTACT: Division of Community Services, Bureau of Municipal Management (617) 727-7001

NEIGHBORHOOD SERVICES TRAINING PROGRAM

A wide variety of workshops and training related activities are offered as part of the Bureau of Neighborhood Services efforts. These include the following:

- CEED

Training provided to newly funded CDCs on CEED orientation and organizational issues as well as on strategy development focussing on membership, strategic planning and economic development.

- HSP

Instructional training and guidance on relevant housing laws as well as training on resource sharing, development, fund raising, dispute mediation techniques and landlord/tenant rights.

- CSBG

Training and technical assistance for CAAs on strategic planning, principles and practices of case management and nutritional issues of low-income individuals, families and children.

- GENERAL

Training for all grantees of the bureau on issues such as coalition building, fundraising and grantsmanship, proposal writing, team development and linking government to community agencies.

PROGRAM: State funded program

ELIGIBILITY: Varies, call number below

CONTACT: Division of Social and Economic Opportunity (617)727-0050

PUBLIC HOUSING CAPITAL IMPROVEMENT INVENTORY SYSTEM

The Public Housing Capital Improvement Inventory System (CIIS) tracks every capital component of all housing units built under EOCD auspices so as to monitor the condition of the housing stock and provide a budget management tool for LHAs.

PROGRAM: State service program.

ELIGIBILITY: All local housing authorities have access to this data base.

CONTACT: Bureau of Housing Development and Construction, (617) 727-7130

TECHNICAL ASSISTANCE AND TRAINING

SECTION 8 TECHNICAL ASSISTANCE

The Bureau of Section 8 provides information and briefings on request on a broad spectrum of rental subjects, including the following:

- a wide variety of federal rental assistance initiatives
- landlord/tenant relationships in rental assistance
- training for non-profit housing corporations on federal housing quality standards for Section 8
- federal and state lead paint requirements

PROGRAM: State funded technical assistance program

ELIGIBILITY: The general public, non-profit organizations, advocacy groups, tenant and landlord groups as well as local and state officials may request such briefings or information assistance

CONTACT: The Division of Housing and Community Development, Bureau of Section 8 (617) 727-7133

ASSISTANCE FOR PUBLIC HOUSING DEVELOPMENT/CAPITAL IMPROVEMENT GRANT PROGRAMS

This support program provides technical assistance to local housing authorities through every phase of a project, from design to final construction.

Local housing authority renovation and construction plans are reviewed against the design criteria and construction standards that have been developed by EOCD, to ensure uniform standards are met. EOCD staff provides renovation, rehabilitation and construction technical assistance to housing authorities, during the actual building phase of a project.

In addition, this program provides assistance to any bureau, division or unit of the agency on plan review, code interpretation, building material technologies and site inspections.

PROGRAM: State technical assistance program

ELIGIBILITY: All local housing authorities involved with a state funded development or modernization grant; any bureau, division or unit of EOCD.

CONTACT: Bureau of Housing Development and Construction - Construction Management Unit, or Research, Standards and Design Review Unit (617) 727-7130

TECHNICAL ASSISTANCE ON BIDDING

The Office of the Chief Counsel and the Bureau of Housing Development offer technical assistance to contractors, to architects, to LHAs and to municipalities in complying with the requirements of the state's bidding laws for the procurement of services and in contracting for construction projects. EOCD conducts public bid workshops and provides detailed workbooks outlining the process. The technical assistance includes the following:

- technical advice in connection with the construction of any EOCD funded development
- assistance to local officials about public bid requirements relative to city or town construction projects
- assistance to LHAs in complying with state bidding laws related to public construction and the purchase of services to ensure compliance

PROGRAM: State funded technical assistance program

ELIGIBILITY: Local officials, contractors, architects, housing authority officials and staff and any interested state agency

CONTACT: Office of the Chief Counsel (617) 727-7078

Quasi-Public Agencies

Quadrupel-Album

Alten

QUASI-PUBLIC AGENCIES

Quasi-public agencies are involved with EOCD in many of the programs described under their program headings in this material. Following are short descriptions of the various agencies themselves.

COMMUNITY DEVELOPMENT FINANCE CORPORATION

The Community Development Finance Corporation (CDFC) provides flexible financing for small business, housing, commercial and real estate development projects with a demonstrated potential for public benefit.

CDFC assistance aims to increase employment and affordable housing opportunities in low income areas in Massachusetts and is offered through partnerships with local community development corporations. Most projects involve private investors in partnerships with public sector institutions to assist local development efforts.

CDFC programs include:

- The Venture Capital Program - debt and equity financing for small businesses with investment ranging from \$100,000 to \$300,000 and CDFC providing up to one-third of total project financing.
- The Real Estate Program - flexible short-to-medium term financing for CDC sponsored real estate projects designed to help CDCs strengthen their capacity to develop affordable housing and to revitalize commercial and industrial property. CDFC can provide 20% of a project cost, up to \$250,000, for specific recoverable development expenses
- Contractor Bond Program - assists minority and women construction contractors to meet surety standards so they can qualify for bid, payment and performance bonds
- Thrift Fund for Economic Development - CDFC is one of five loan origination agencies for a \$100 million direct lending pool funded by savings banks for business investment
- Urban Initiative Fund - expands the capacity of minority owned businesses and community organizations through loans, grants and technical assistance in order to strengthen minority entrepreneurship, expand employment options and integrate the goals of economic development with those of human service programs and small business
- Commonwealth Enterprise Fund, Inc. - provides capital as well as management and technical assistance for minority and disadvantaged businesses in Massachusetts

CONTACT: (617) 482-9141 or (617) 482-7129

COMMUNITY ECONOMIC DEVELOPMENT ASSISTANCE CORPORATION

The Community Economic Development Assistance Corporation (CEDAC) was created by the legislature in 1978 to increase the amount of affordable housing and to foster the revitalization of economically distressed areas by providing a range of development assistance programs to non-profit development corporations throughout the Commonwealth.

Following are some CEDAC programs:

- Technical Assistance Advances (TAA) - interest free loans to cover mortgageable predevelopment costs and allow contractors to gain site control
- Front Money Loans - additional financing for predevelopment costs
- Site Control Loan Program - loans to non-profit developers to secure privately-owned sites
- Spot Technical Assistance - simplified and expedited loan program which allows staff review rather than CEDAC board review
- Equity Financing Guarantee (EFG) - credit enhancement for non-profit developers to allow them to secure loans from private lenders for rental housing projects

CONTACT: (617) 727-0506

GOVERNMENT LAND BANK

Created by the legislature in 1975, the Government Land Bank was designed as the state's tool to redevelop blighted areas and surplus government property and to aid public and private agencies in the conversion of former military bases to civilian use. The goals of Land Bank are to prevent and mitigate economic dislocation, distress or unemployment and to promote affordable housing development.

Land Bank provides below market permanent loans for affordable housing development and provides technical and developmental assistance as well as below market financing for economic development projects. Eligible sponsors include municipalities and public agencies, community development corporations and other non-profit and private for-profit entities.

Land Bank serves as the Commonwealth's lead agency in overseeing the planning and redevelopment for the reuse of Fort Devens and DEM's development and management agent at the Gloucester state fish pier.

QUASI-PUBLIC AGENCIES

The programs offered by Land Bank include:

- Economic Development Financing Program - long and medium term real estate financing and development assistance to rehabilitate blighted property, stimulate employment and new business development and strengthen the local tax base
- Small Business Incubator Program - permanent real estate financing to support the development of small business incubators in targeted communities
- Residential Financing Program - long term permanent financing to expand or preserve affordable housing

CONTACT: (617) 727-8257 extension 235

MASSACHUSETTS HOUSING FINANCE AGENCY

The Massachusetts Housing Finance Agency (MHFA) was created twenty years ago by the legislature to expand rental and homeownership opportunities for low and moderate income households. It is financed through the sale of taxable or tax-exempt bonds.

In joint programs with EOCD, MHFA has recently focused its efforts on preserving existing rental housing and promoting community reinvestment while promoting the provision of human services in assisted housing developments.

MHFA operates through a multitude of programs including mortgage financing, homebuyer counseling, mortgage credit certificates, return of foreclosed properties or regulator held properties to productive use, rehabilitation, home improvement and lead paint abatement financing and mortgage insurance. These programs are offered in cooperation with EOCD and in many cases, in tandem with EOCD resources such as federal tax credits.

CONTACT: (617) 451-3480 for information on multi-family programs and (617) 451-2766 for information on single-family programs

MASSACHUSETTS HOUSING PARTNERSHIP

The Massachusetts Housing Partnership Fund is a joint enterprise of the public and private sectors in Massachusetts to support the development and preservation of affordable housing and to expand housing options for low and moderate-income persons. The Fund was established by the legislature in 1985 and is financed by the state's banking industry.

MHP Fund programs include:

- Permanent Rental Financing - long term, fixed rate permanent financing for affordable rental projects, typically of 20 units or less
- Lead Paint Loan Guaranty - guarantees to lenders of up to 50% for lead paint abatement loans made on multi-family investment properties
- The Neighborhoods Fund - up to \$50,000 in seed money to help municipalities develop and implement neighborhood reinvestment strategies
- Pre-Development Fund - loans to profit and non-profit developers of up to \$50,000 to cover front-end expenses of affordable housing development projects
- Housing Venture Fund - up to \$50,000 in front money for projects that demonstrate innovative ways of creating or preserving affordable housing with minimal public assistance

RFP - Request for Proposal
ROC - Reclaim Our Community
SAFPHM - State Aided Federal Public Housing Modernization
SCLP - Site Control Loan Program - CDFC program
Section 8 - federal rental subsidy
Section 108 - federal loan program within CDBG
707 - state housing rental subsidy, now known as Massachusetts Rental Voucher Program or MRVP
SHARP - State Housing Assistance for Rental Production
ShelterWAP - subset of the state's weatherization program, WAP
Short Term Technical Assistance Fund - MHP program
Small Cities - federal block grants
Soft Second - first time home buyers program
Small Business Incubator Program - Land Bank program
Small Loan Guarantee Program - CDFC program
Special Projects - CSBG funded program for the poor
Spot Technical Assistance - CEDAC program
SRO - Single Room Occupancy
State Clearinghouse - central information on federal grant applications affecting Commonwealth
Strategic Planning Grants - state planning grants for local governments
TAA - Technical Assistance Advances - CEDAC program
TAP - Tenant Assistance Program
TELLER - Tax Exempt Local Loans to Encourage Rental Production
Thrift Institution Fund for Economic Development - CDFC program
TOTAL - Tenant Organization Technical Assistance Loan
TQM - Total Quality Management
UNOCR - Urban Neighborhood Outreach Circuit Rider
URDG - Urban Revitalization Development Grant
WAP - Weatherization Assistance Program
Weed and Seed - federal crime prevention program
ZBA - local Zoning Appeal Board

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes the need for transparency and accountability in financial reporting.

2. The second part of the document outlines the various methods and techniques used to collect and analyze data. It includes a detailed description of the experimental procedures and the statistical analysis performed.

3. The third part of the document presents the results of the study. It includes a series of tables and graphs that illustrate the findings of the research. The data shows a clear trend of increasing activity over time.

4. The fourth part of the document discusses the implications of the findings. It suggests that the results of the study have significant implications for the field of research and may lead to further developments in the future.

5. The fifth part of the document concludes the study and provides a summary of the key findings. It also includes a list of references and a bibliography of the sources used in the research.

AN OVERVIEW OF THE EXECUTIVE OFFICE OF COMMUNITIES AND DEVELOPMENT

The formation of the Executive Office of Communities and Development, began in 1968 and completed in 1969 as a Cabinet Secretary serving directly under the Governor. The formation of EOCD signified recognition by the Executive and Legislative branches of the state that the problems which confront our cities and towns could be solved only by the establishment of a state level agency concerned with local issues and community development.

EOCD has continued to be concerned with solving these problems and acts as the leading advocate for local governments and community agencies. In this role: EOCD makes state and federal funds and technical assistance available to strengthen communities and help them plan new developments, revitalize older areas, improve local government management, build and manage public housing, stimulate affordable housing through the private sector and respond to the needs of low-income people. The Office administers the state's public housing programs, coordinates its anti-poverty efforts, allocates federal community development programs and provides a variety of services to local government officials.

THE SECRETARY/EXECUTIVE OFFICE

The Secretary, appointed by the Governor, administers and maintains executive authority over all phases of departmental activities and coordinates policy with the Governor and the rest of the Administration. The Secretary is a member of the Board of Directors of the Massachusetts Housing Finance Authority, Massachusetts Housing Partnership, Massachusetts Government Land Bank, Community Economic Development Assistance Corporation, Community Development Finance Corporation and the Local Government Advisory Committee. In addition, the Secretary of EOCD is a member of numerous other state boards and commissions.

The Office of the Secretary includes the Deputy Secretary, Assistant Secretary, Press Office, Office of Legal Services, Office of Planning and Policy, Office of Legislative Affairs and Office of Administration and Finance.

DIVISION ADMINISTRATORS

The Executive Office of Communities and Development is responsible for a diversity of programs and services that are administered through three divisions and several commissions.

Division of Social and Economic Opportunity

This Division is the conduit through which the Agency serves Massachusetts low-income population. The Division is responsible for planning, implementing and monitoring the delivery of federal and state anti-poverty, neighborhood economic development, fuel assistance and weatherization programs across the Commonwealth, working in cooperation with the federal government, other state agencies, local and regional non-profits and the private sector.

Division of Community Services

Community Services concerns itself with the complex problems facing Massachusetts communities and uses the agency's financial and human resources to help municipal governments holistically by building capacity, stabilizing their condition and improving their quality of life. The Division is involved with infrastructure development and improvement, municipal government capacity building, land use planning, local economic development, housing rehabilitation and social services. Community Services also provides direct consulting, information and training services programs to all local governments. The Division also provides a referral service to help communities access the services they need both inside and outside EOCD.

Division of Housing and Community Development

This Division has the responsibility for administrative oversight of all state-aided public and private housing programs, which address the housing needs of low and moderate income families, the elderly and persons with disabilities. The Division is comprised of: the Bureau of Private Housing which provides affordable homeownership and rental opportunities in the private sector; the Bureau of Rental Assistance which administers the federal Section 8 program and the State Rental Voucher Program; the Bureau of Housing Management which oversees the operation and management of 254 local housing authorities and their 49,368 public housing units; the Bureau of Housing Finance which has fiscal oversight of the financial records and capital expenditures of local housing authorities; and the Bureau of Housing Development and Construction which has responsibilities for the design, development and construction of new public housing units and the modernization of existing ones.

Other Components of EOCD

These components include the Housing Appeals Committee, the Manufactured Homes Commission, the Commission on Indian Affairs and the American and Canadian French Cultural Exchange.
